# INDEX TO VOLUME XVI

A

ALDRIDGE, A. G. V.: Changes in blood produced by dehydration in infancy, 81—Comparison of value of crystalloid solutions, whole blood and blood plasma in treatment of dehydration in infancy, 182
ALFORD, Kenneth M.: Prognosis and treatment of acute diffuse peritonitis in children since advent of chemotherapeutic drugs, 43
Arachnodactyly in Chinese infant (Gopal Haridas), 257
Arthritis, rheumatoid, and acute rheumatism, case showing combined features of (C. Elaine Field), 206
AUGER, W. J.: Laboratory investigation of pneumonia among infants and children, 35

B

BARSBY, Beryl E. (and Richard E. Bonham-Carter): Diagnosis and conservative treatment of bronchiectasis in children, 95
Blood changes produced by dehydration in infancy (A. G. V. Aldridge), 81
BONHAM-CARTER, Richard E. (and Beryl E. Barsby): Diagnosis and conservative treatment of bronchiectasis in children, 95
Breast-feeding in ten classes of population, comparison of (Margaret Robinson), 31
Bronchiectasis in children, diagnosis and conservative treatment of (Beryl E. Barsby and Richard E. Bonham-Carter), 95
BROWN, Alan (and others): Four cases of gargoylism, 71

C

Calorie requirements of full-term and premature infants in neonatal period (Helen M. M. Mackay), 166
CAMPBELL, R. M. (and A. A. Cunningham): Infantile diarrhoea and vomiting, 211
Chemotherapeutic drugs, prognosis and treatment of acute diffuse peritonitis in children since advent of (Kenneth M. Alford), 43
COURT, Donald: Malignant hypertension in childhood, 132
CUNNINGHAM, A. A. (and R. M. Campbell): Infantile diarrhoea and vomiting, 211

D

Dehydration in infancy: Blood changes produced by (A. G. V. Aldridge), 81—Comparison of value of crystalloid solutions, whole blood and blood plasma in treatment of (A. G. V. Aldridge), 182
DELFS, Genevieve: Helium-oxygen inhalation, 52
Desoxycorticosterone acetate and oestradiol dipropionate therapy in newborn (R. A. Miller), 113
Diarrhoea, infantile, and vomiting (R. M. Campbell and A. A. Cunningham), 211
Dwarfism, familial renal (Stanley Graham and James Holmes Hutchinson), 253

E

ELLIOTT, Mountjoy: Survey of primary infantile and juvenile pneumonia, 121
ELLIS, Richard W. B. (and Frank W. Law): Infantilism, obesity and retinal dystrophy, 105
Erythroblastosis, icterus gravis neonatorum with (Helen McKinley), 63
Eumydrin in treatment of hypertrophic pyloric stenosis (Helen M. M. Mackay), 1

F

FIDDES, Jack: Combined forms of meningitis, 140
FIELD, C. Elaine: Case showing combined features of acute rheumatism and rheumatoid arthritis, 206
FRANKLIN, Alfred White: Handlist of writings of Sir G. Frederic Still, 154

G

Gargoylism, four cases of (John R. Ross, William A. Hawke, and Alan Brown), 71
Gastric acidity, observations on, during first month of life (R. A. Miller), 22
GRAHAM, Stanley (and James Holmes Hutchinson): Familial renal dwarfism, 253
GUTHRIE, Katharine J.: Suppurative periarthritis in infant due to suipestifer bacillus, 269

H

HALLUM, J. L. (and others): Secretion of urine by premature infants, 243
HARIDAS, Gopal: Arachnodactyly in Chinese infant, 257
HAWKE, William A. (and others): Four cases of gargoylism, 71
Helium-oxygen inhalation (Genevieve Delfs), 52
Hodgkin's disease in children (D. J. M. McCausland), 59
HUTCHINSON, James Holmes (and Stanley Graham): Familial renal dwarfism, 253
HUTCHISON, Sir Robert: Address at memorial service to Sir G. Frederic Still, 150
Hypertension, malignant, in childhood (Donald Court), 132

I

Icterus gravis neonatorum with erythroblastosis (Helen McKinley), 63
Infantilism, obesity and retinal dystrophy (Richard W. B. Ellis and Frank W. Law), 105

J

JACKSON, J. W.: Nephrolithiasis in children, 55

L

Laryngitis, recent advance in treatment of: helium-oxygen inhalation (Genevieve Delfs), 52
LAW, Frank W. (and Richard W. B. Ellis): Infantilism, obesity and retinal dystrophy, 105

M

McCance, R. A. (and others): Secretion of urine by premature infants, 243
McCausland, D. J. M.: Hodgkin's disease in children, 59
Mackay, Helen M. M.: Eumydrin in treatment of hypertrophic pyloric stenosis, 1—Calorie requirements of full-term and premature infants in neonatal period, 166
McKinley, Helen: Icterus gravis neonatorum with erythroblastosis, 63
McNeil, Charles: Appreciation of Sir G. Frederic Still, 152
Meningitis, combined forms of (Jack Fiddes), 140
Miller, R. A.: Observations on gastric acidity during first month of life, 22—Desoxycorticosterone acetate and oestradiol dipropionate therapy in newborn infant, 113—Shock in newborn infant, 230

N

Neonatal period: Clinical uses of vitamin K in (Howard Savage), 67—Calorie requirements of full-term and premature infants in (Helen M. M. Mackay), 166
Nephrolithiasis in children (J. W. Jackson), 55
Newborn: Observations on gastric acidity during first month of life (R. A. Miller), 22—Desoxycorticosterone acetate and oestradiol dipropionate therapy in (R. A. Miller), 113—Shock in (R. A. Miller), 230

O

Obesity, infantilism and retinal dystrophy (Richard W. B. Ellis and Frank W. Law), 105
Oestradiol dipropionate and desoxycorticosterone acetate therapy in newborn (R. A. Miller), 113

P

Periarthritis, suppurative, in infant due to suipestifer bacillus (Katharine J. Guthrie), 269
Peritonitis, acute diffuse, prognosis and treatment of, since advent of chemotherapeutic drugs (Kenneth M. Alford), 43
Pneumonia among infants and children, laboratory investigation of (W. J. Auger), 35
Pneumonia, primary infantile and juvenile, survey of (Mountjoy Elliott), 121
Pyloric stenosis, hypertrophic, eumydrin in treatment of (Helen M. M. Mackay), 1

R

Retinal dystrophy, infantilism and obesity (Richard W. B. Ellis and Frank W. Law), 105
Rheumatism, acute, and rheumatoid arthritis, case showing combined features of (C. Elaine Field), 206
Robinson, Margaret: Comparison of breast-feeding in ten classes of population, 31
Ross, John R. (and others): Four cases of gargoylism, 71

S

Savage, Howard: Development of vitamin K and its clinical uses in neonatal period, 67
Scott, Isabel: Laboratory investigation of pneumonia among infants and children, 35
Shock in newborn infant (R. A. Miller), 230
Skin, extensive congenital malformation of (Linton Snaith), 265
Snaith, Linton: Extensive congenital malformation of skin, 265
Still, Sir George Frederic—In Memoriam (Hugh Thursfield), 147—(Sir Robert Hutchison), 150—(Charles McNeil), 152—Handlist of writings of, 154—Reprint of article on Still's disease, 156
Suipestifer bacillus, suppurative periarthritis in infant due to (Katharine J. Guthrie), 269

T

Thursfield, Hugh: Appreciation of Sir G. Frederic Still, 147
Tracheitis, recent advance in treatment of: helium-oxygen inhalation (Genevieve Delfs), 52

U

Urine secretion by premature infants (W. F. Young, J. L. Hallum and R. A. McCance), 243

V

Vitamin K, development of, and its clinical uses in neonatal period (Howard Savage), 67
Vomiting and infantile diarrhoea (R. M. Campbell and A. A. Cunningham), 211

Y

Young, W. F. (and others): Secretion of urine by premature infants, 243

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LIMITED, LONDON AND BECCLES
